Thoughts

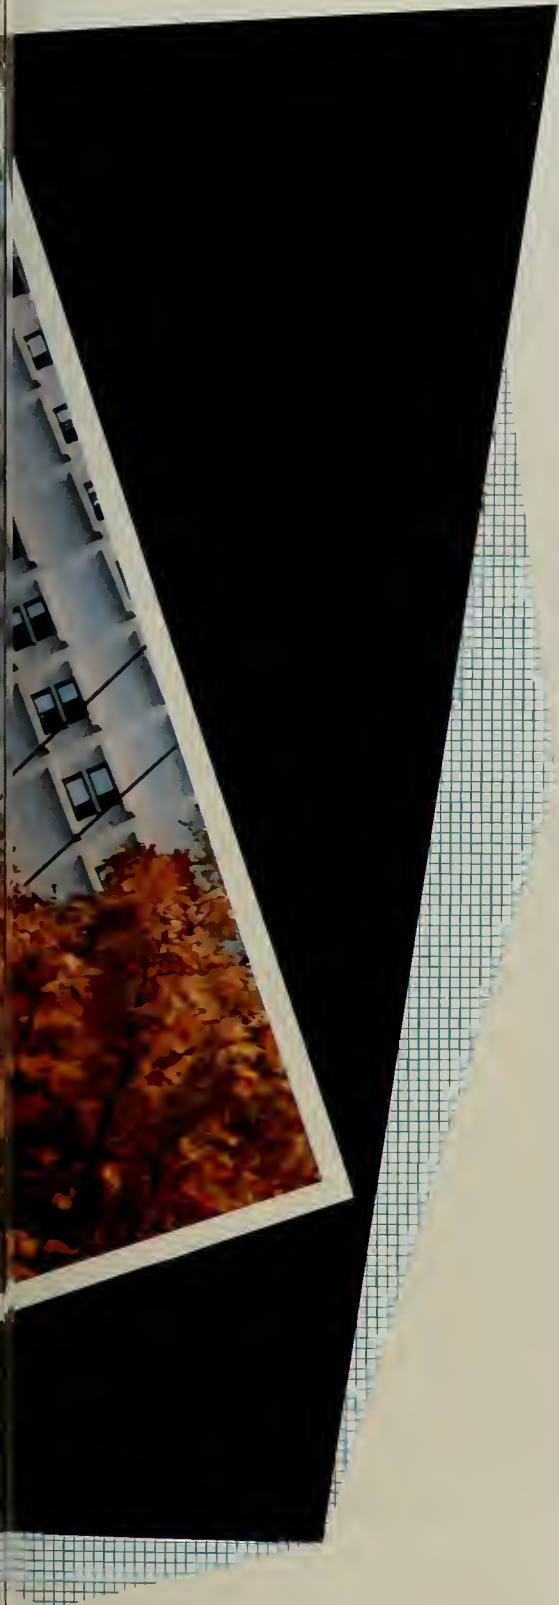

Ah, the quiet life. Quiet maybe, but don't let those horizontal positions fool you. Just because the body lies motionless does not mean the brain is idle. The clue to all this seems to lie in books. From encyclopedias to scribbled notebooks, these handbooks containing infinite wisdom are turned to more often than desired. Bits and peices of information filter through and fill in the framework that is built during lectures and labs. Whether we study alone or share the thought process with others, it's an uphill climb. What is the motivation that keeps us climbing? Curiosity? A secure future? We all have reasons, although at times it is difficult to remember them. Thoughts, whether written, dictated, or freely flowing, they are a continuous part of university life.

Existence Up North

From the gaping maw of Southwick to the far reaches of Olson, the Northland experience is a challenge from the beginning. The grounds are crowded from time to time with their fair weather friends - those of us who can afford to relax between classes and sometimes those of us who can't.

Despite being filled with valuable space for university officials, Cumnock Hall is not remembered as an office building. Cumnock Hall entertains us by spewing forth a variety of concerts, dances, and movies catering to fill our spare time and revive our overworked minds.

Although based on a foundation of technology and science, we find poetry in our existence up north.

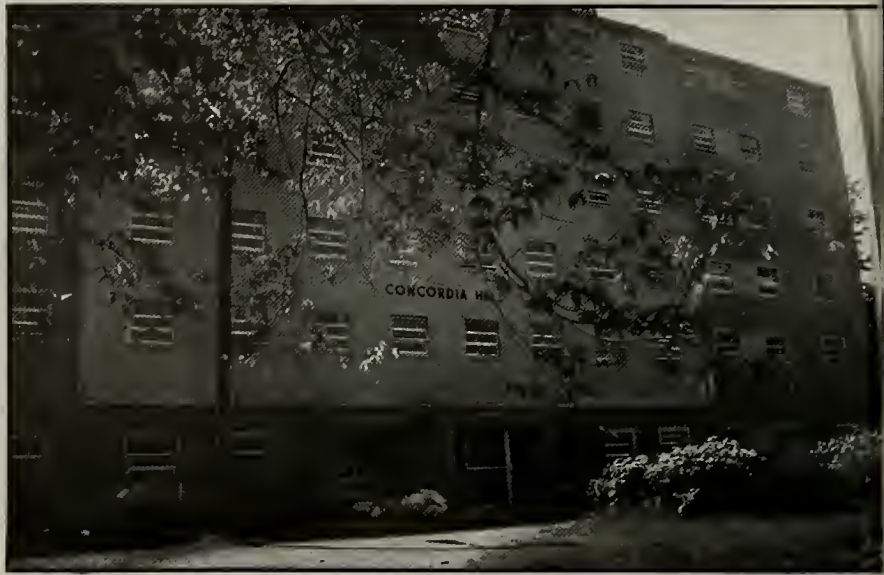

Turning Ten

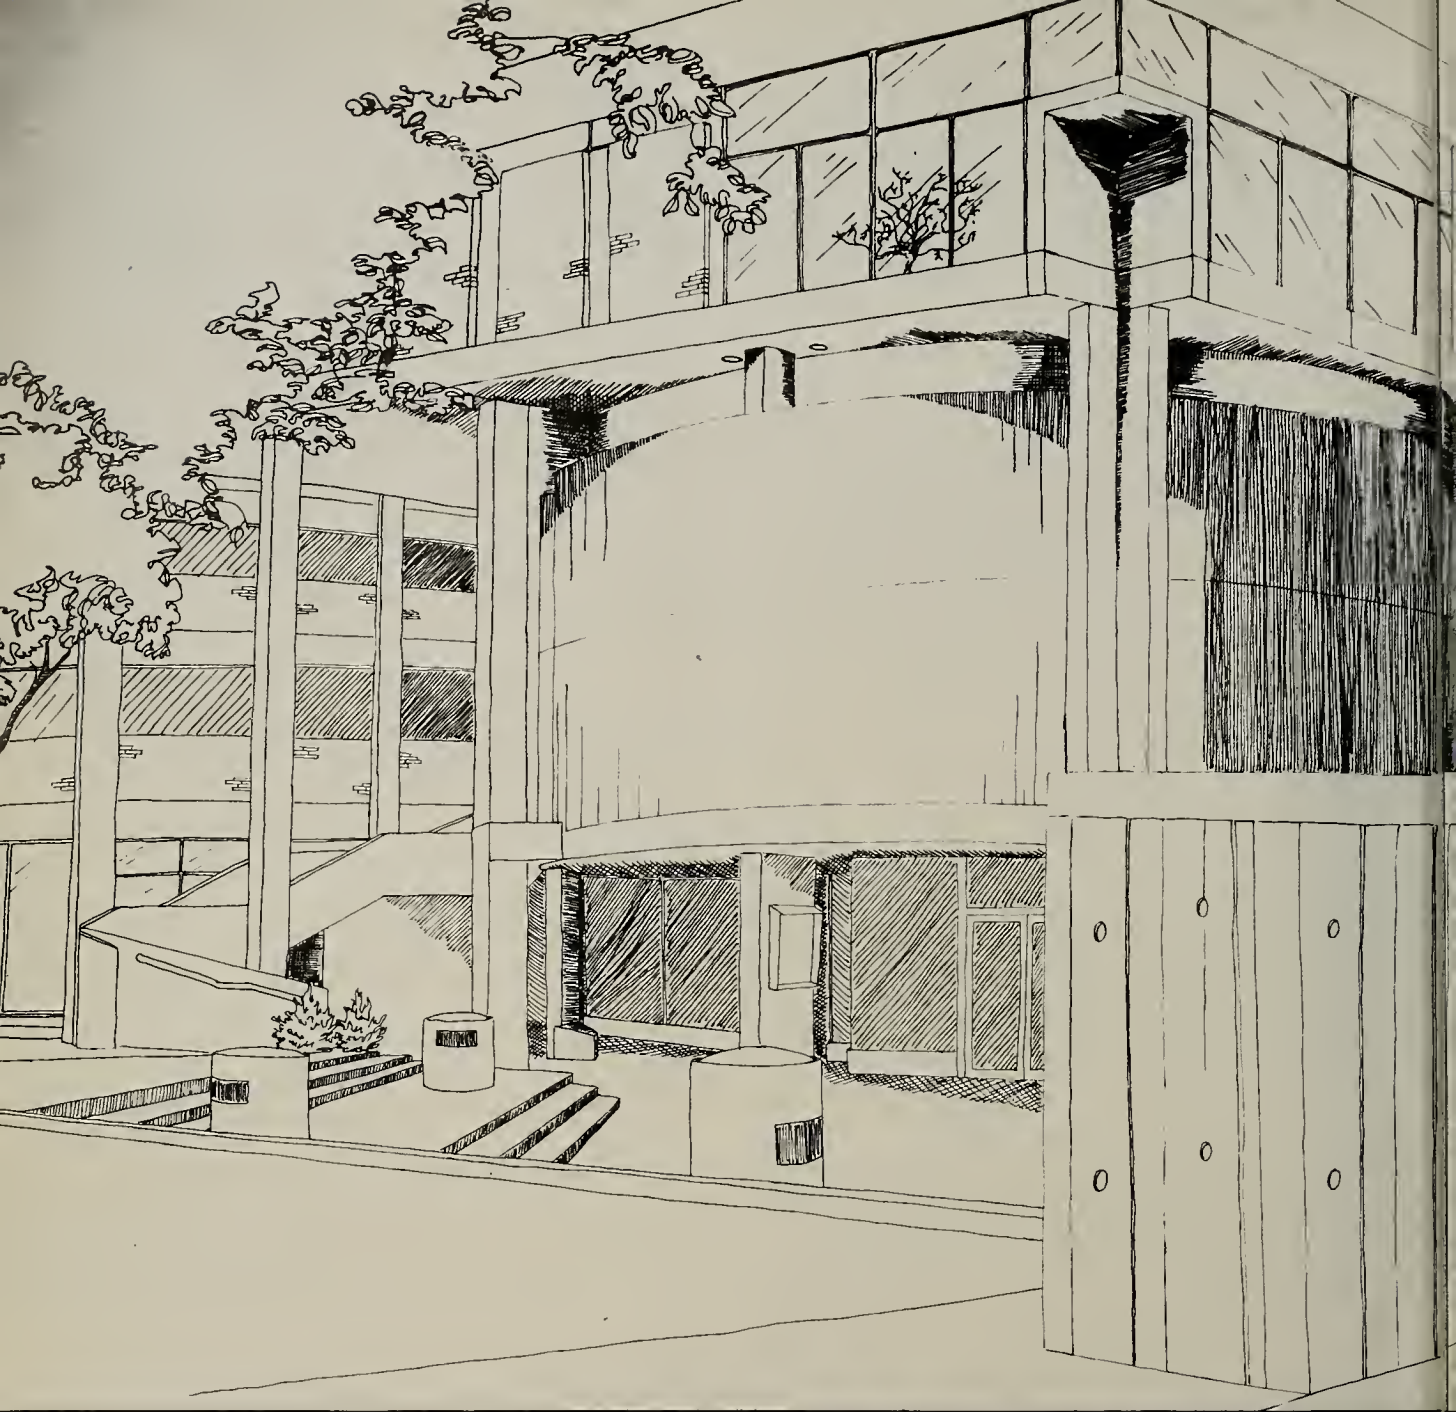

LOWELL STATE COLLEGE

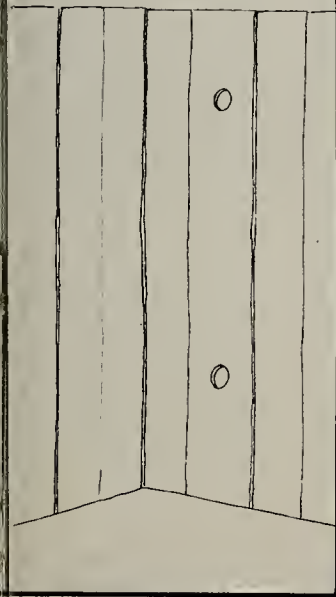

Lowell State College, originally the Massachusetts State Normal School at Lowell was established in January of 1984, by an act of the General Court of the Commonwealth. The institution, reflecting the educational philosophy and objectives of the late 19th century, would provide a 2-year program in elementary education, training students "the most thorough knowledge of the branches of learning required to be taught in schools, the best methods of teaching, and the right mental training."

A 3-year program in education and music was established in 1912 and 1927 respectively, with the program of music education being extended to that of a 4-year program with the first baccalaureate degree granted in 1929. In 1932, the institution was made a four year college and became State Teachers College at Lowell with the right to confer degrees in both music and elementary education. The college received permission in 1959 to offer curricula in secondary education and following year to initiate programs in liberal arts. From 1960 to 1967, the school was designated as the Massachusetts State College at Lowell and was later renamed Lowell State College.

LOWELL TECHNOLOGICAL INSTITUTE

Lowell Technological Institute, originally Lowell Textile School, was incorporated in 1895 and formally opened on January 30, 1897 for the purpose of instruction in the theory and the practical art of textile and kindred branches of industry. Due to its rapid growth in size, scope of curriculum, and prestige, the school was granted, in 1913, the right to confer 4 year degrees in textile engineering and textile chemistry, whereas initially the school awarded only certificates and diplomas. To indicate more fully the school's collegiate status, the name was changed to Lowell Textile Institute in 1928. Further growth led to diversification in other areas of specialization, including an expansion in the engineering program, as well as programs in the pure sciences. With this, the name of the college was once again changed to Lowell Technological Institute.

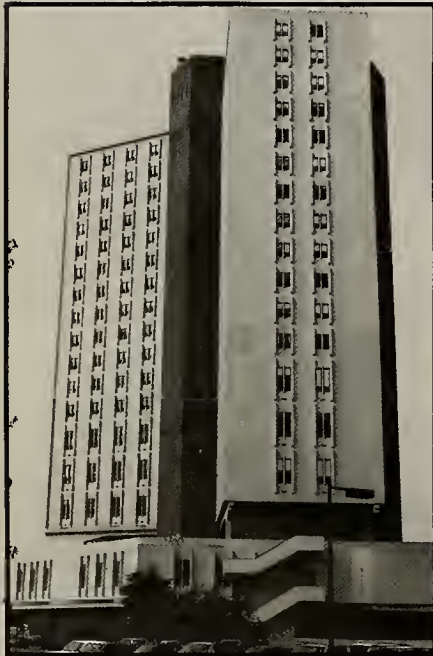

Today the University of Lowell is committed to excellence in teaching, research, and community service. Located to the high-technology industrial belts of Routes 128 and 495, and in the midst of the country's first urban National Park, the University offers the perfect blend of history, culture, and today's technology. The academic climate at the University is serious and competitive. Students who qualify to enter can obtain a superior education in any one of seventy undergraduate programs.

The University's two campuses together occupy over 100 acres. Some thirty buildings comprise the dormitory, administration, and instructional centers. Nearly 500 full-time faculty members teach over 13,000 students in under grad, graduate, and continuing education programs.

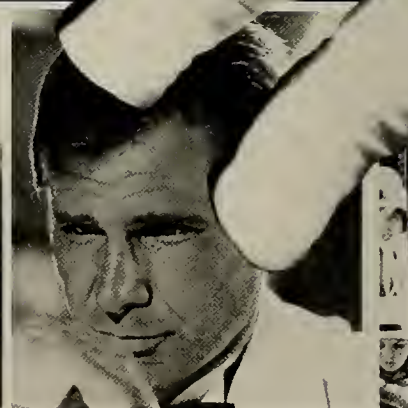

“As you consider your future, the University of Lowell is pleased to be able to offer you a variety of quality academic programs in a friendly, exciting setting. A university education is an experience to be sought, to sacrifice for, and to cherish. It not only can prepare you to understand yourselves and the world in which we live but it can simultaneously prepare you to assist in the development of a stronger economy and society.”

“We Begin Bombing In Five Minutes”

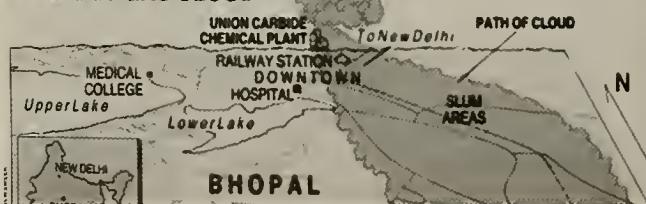

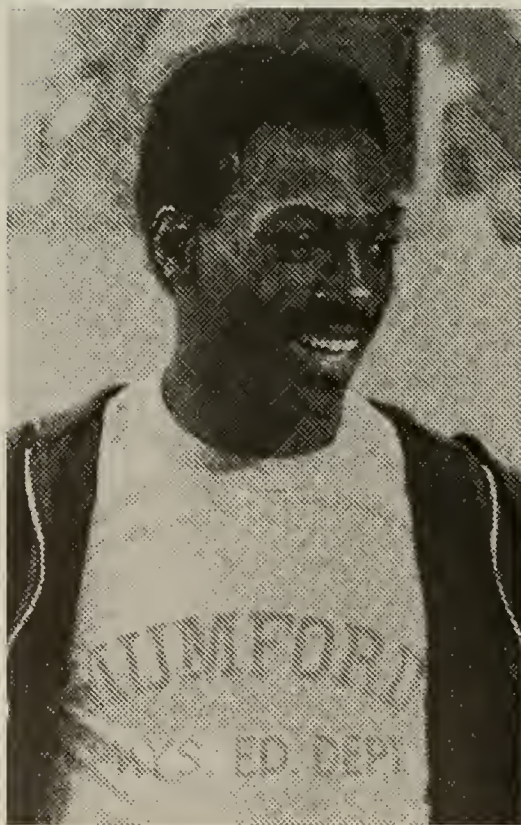

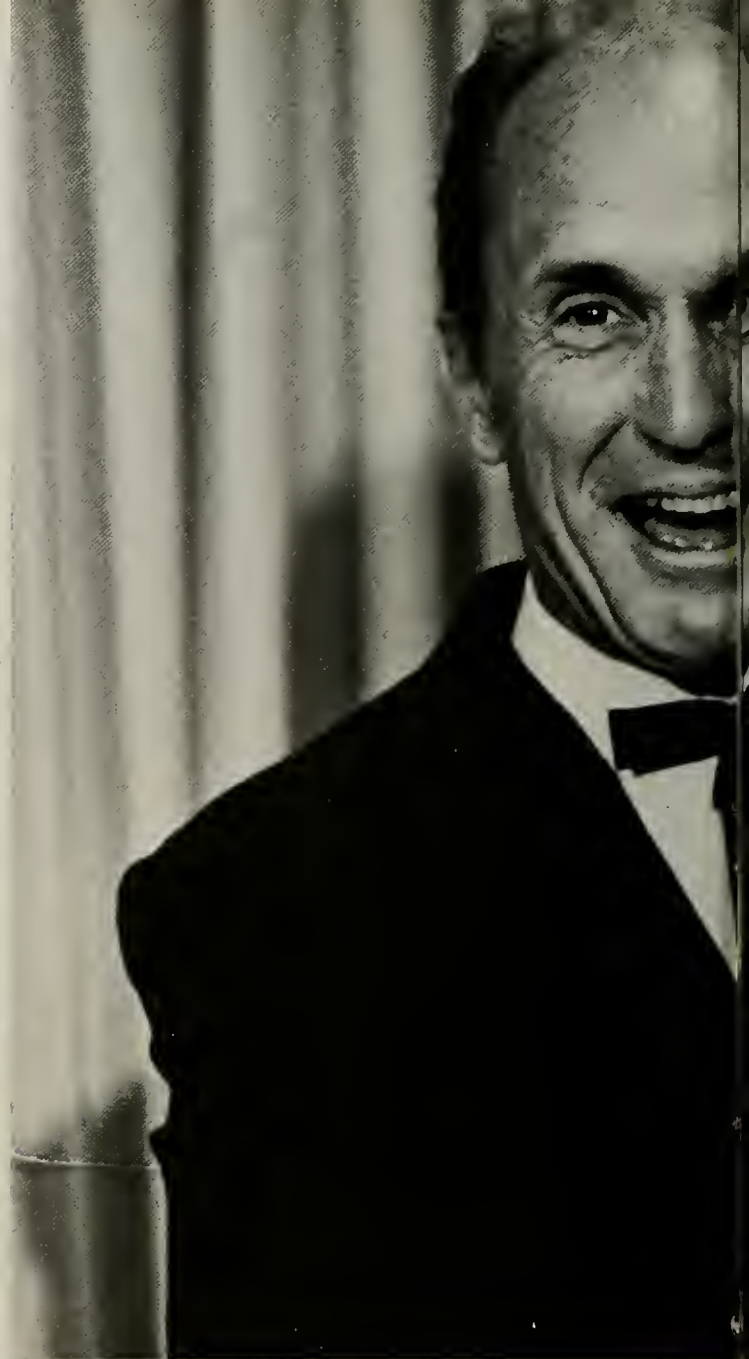

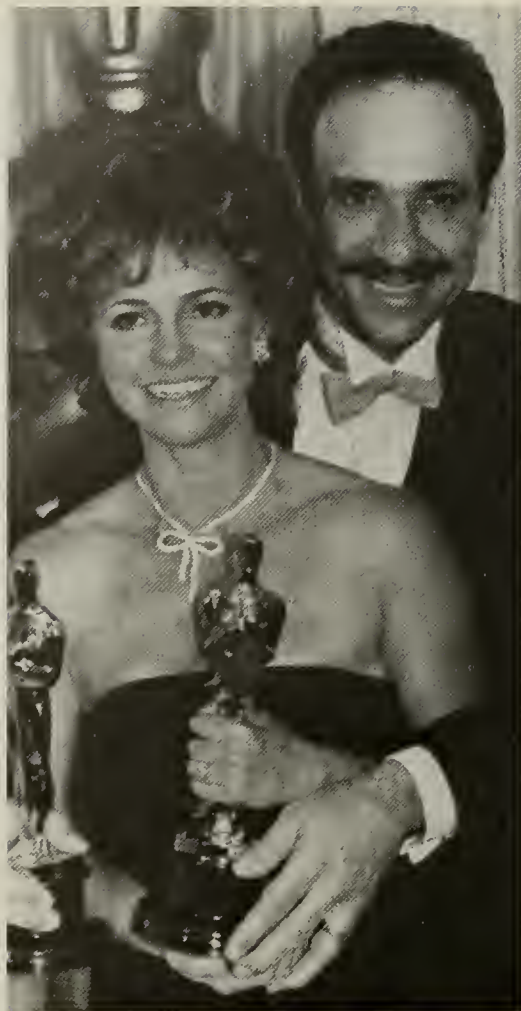

Left- Democratic presidential candidate Walter Mondale made history when he chose a woman, Geraldine Ferraro as his vice presidential running mate. Mondale and Ferraro were nominated on the Democratic ticket at the party convention in San Francisco in July. He announced early in his campaign that to lower the federal deficit increased taxes would be necessary. Top- President Ronald Reagan and Vice President George Bush sought re-election in 1984. Reagan vowed not to raise taxes and ran on his record of the previous four years. Bottom- President Reagan repeats the oath of office of the president as his wife Nancy holds the Bible during the ceremony under the Rotunda of the Capitol in Washington.

A DEADLY GAS CLOUD

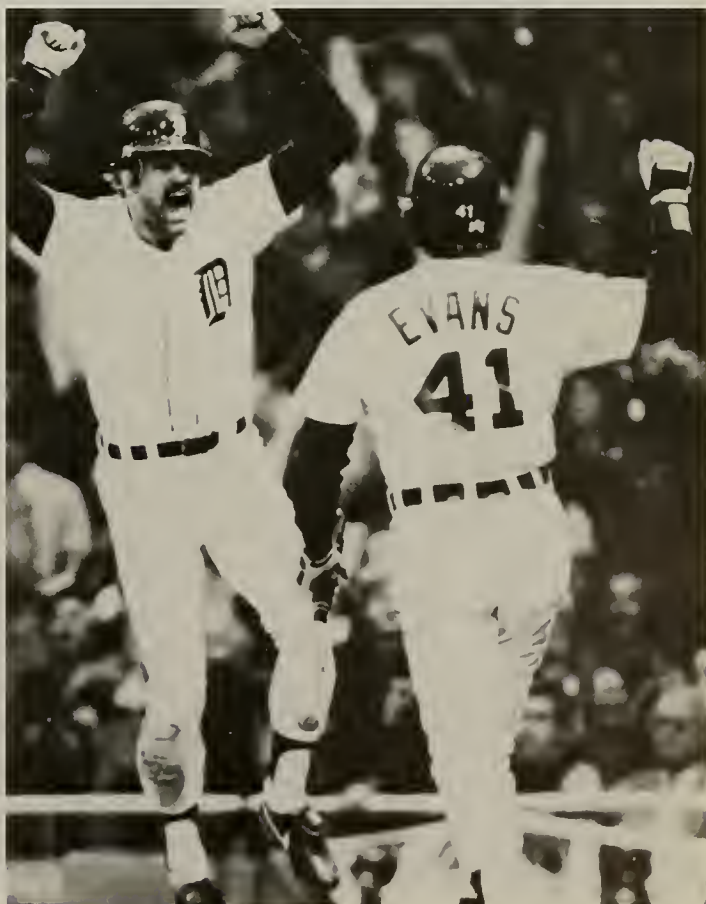

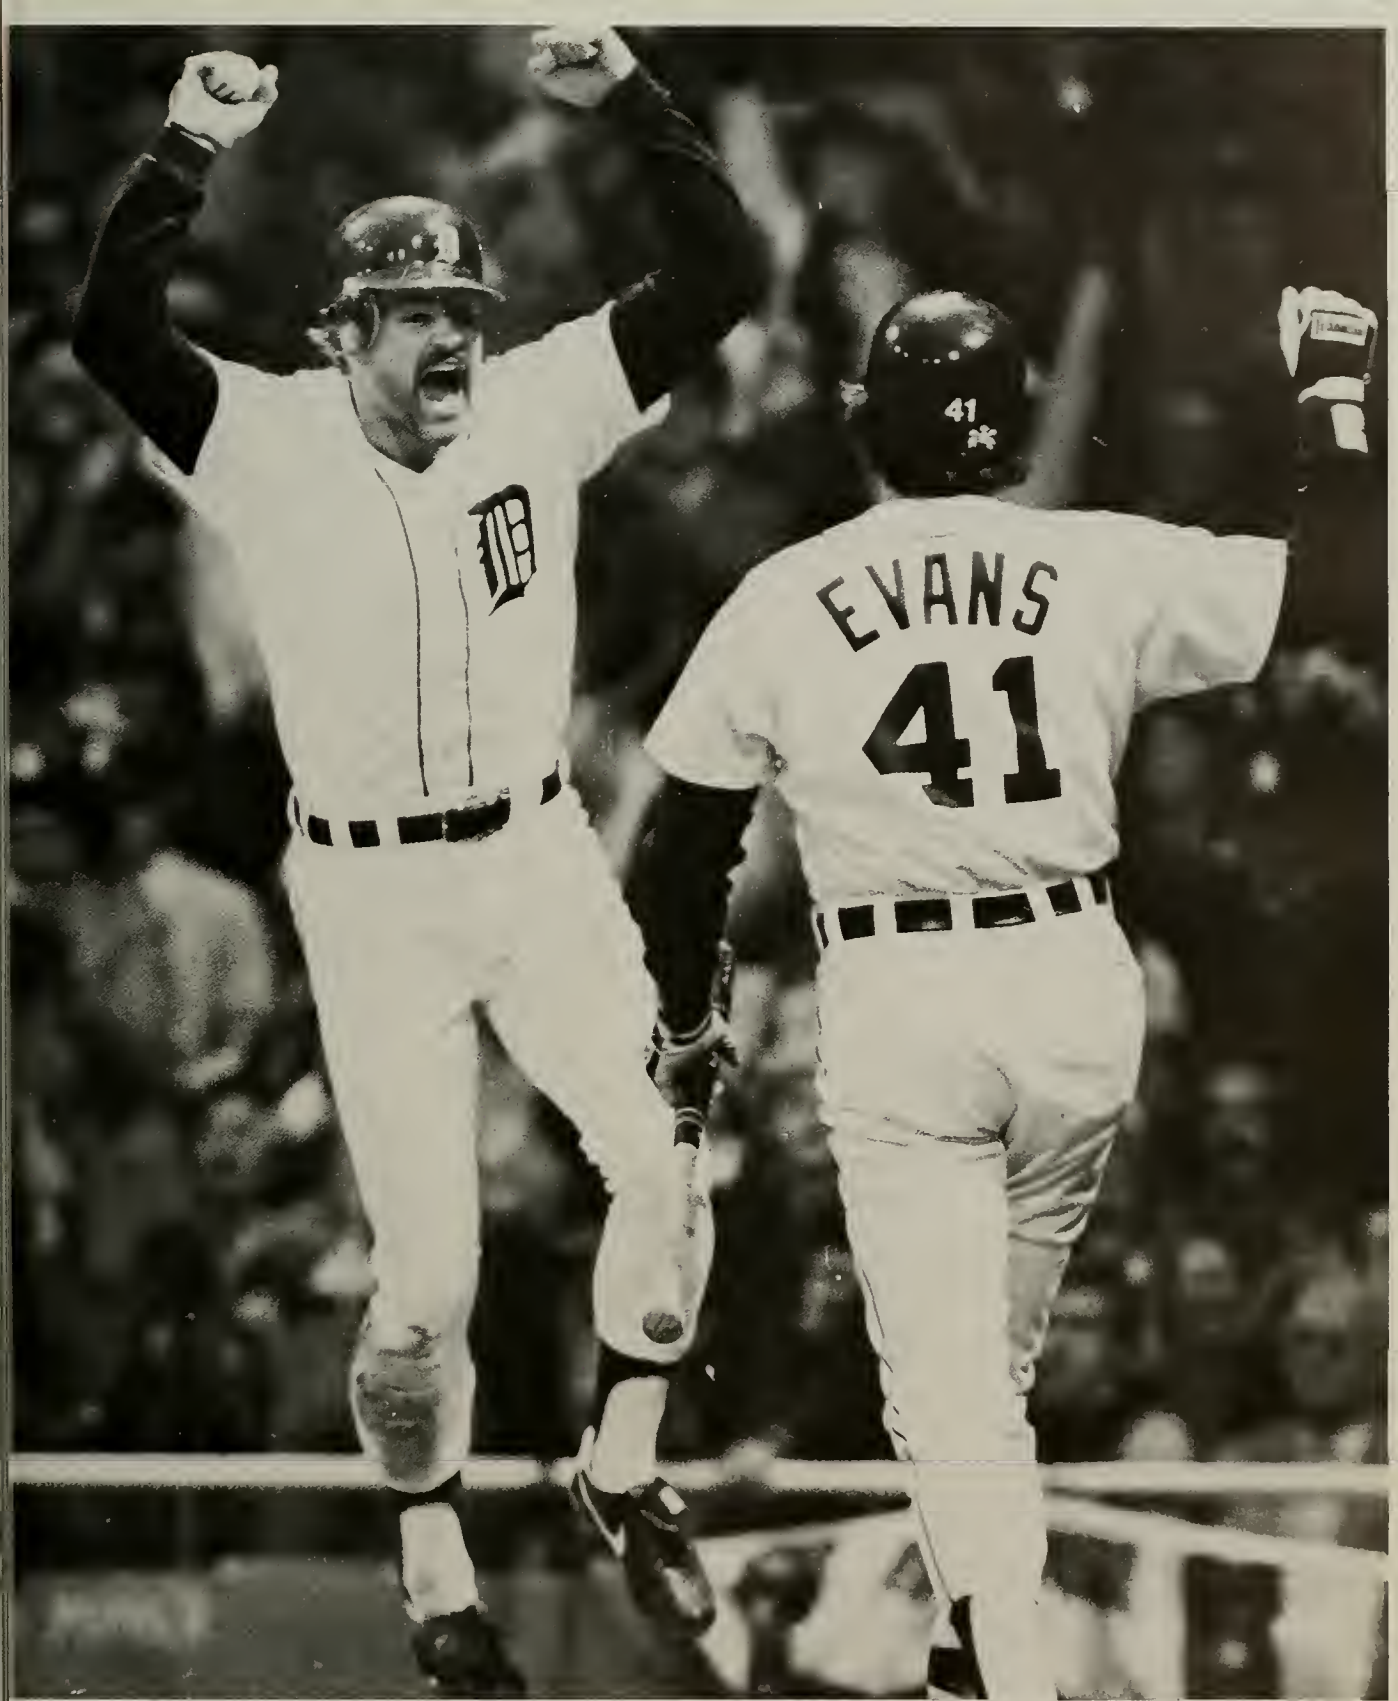

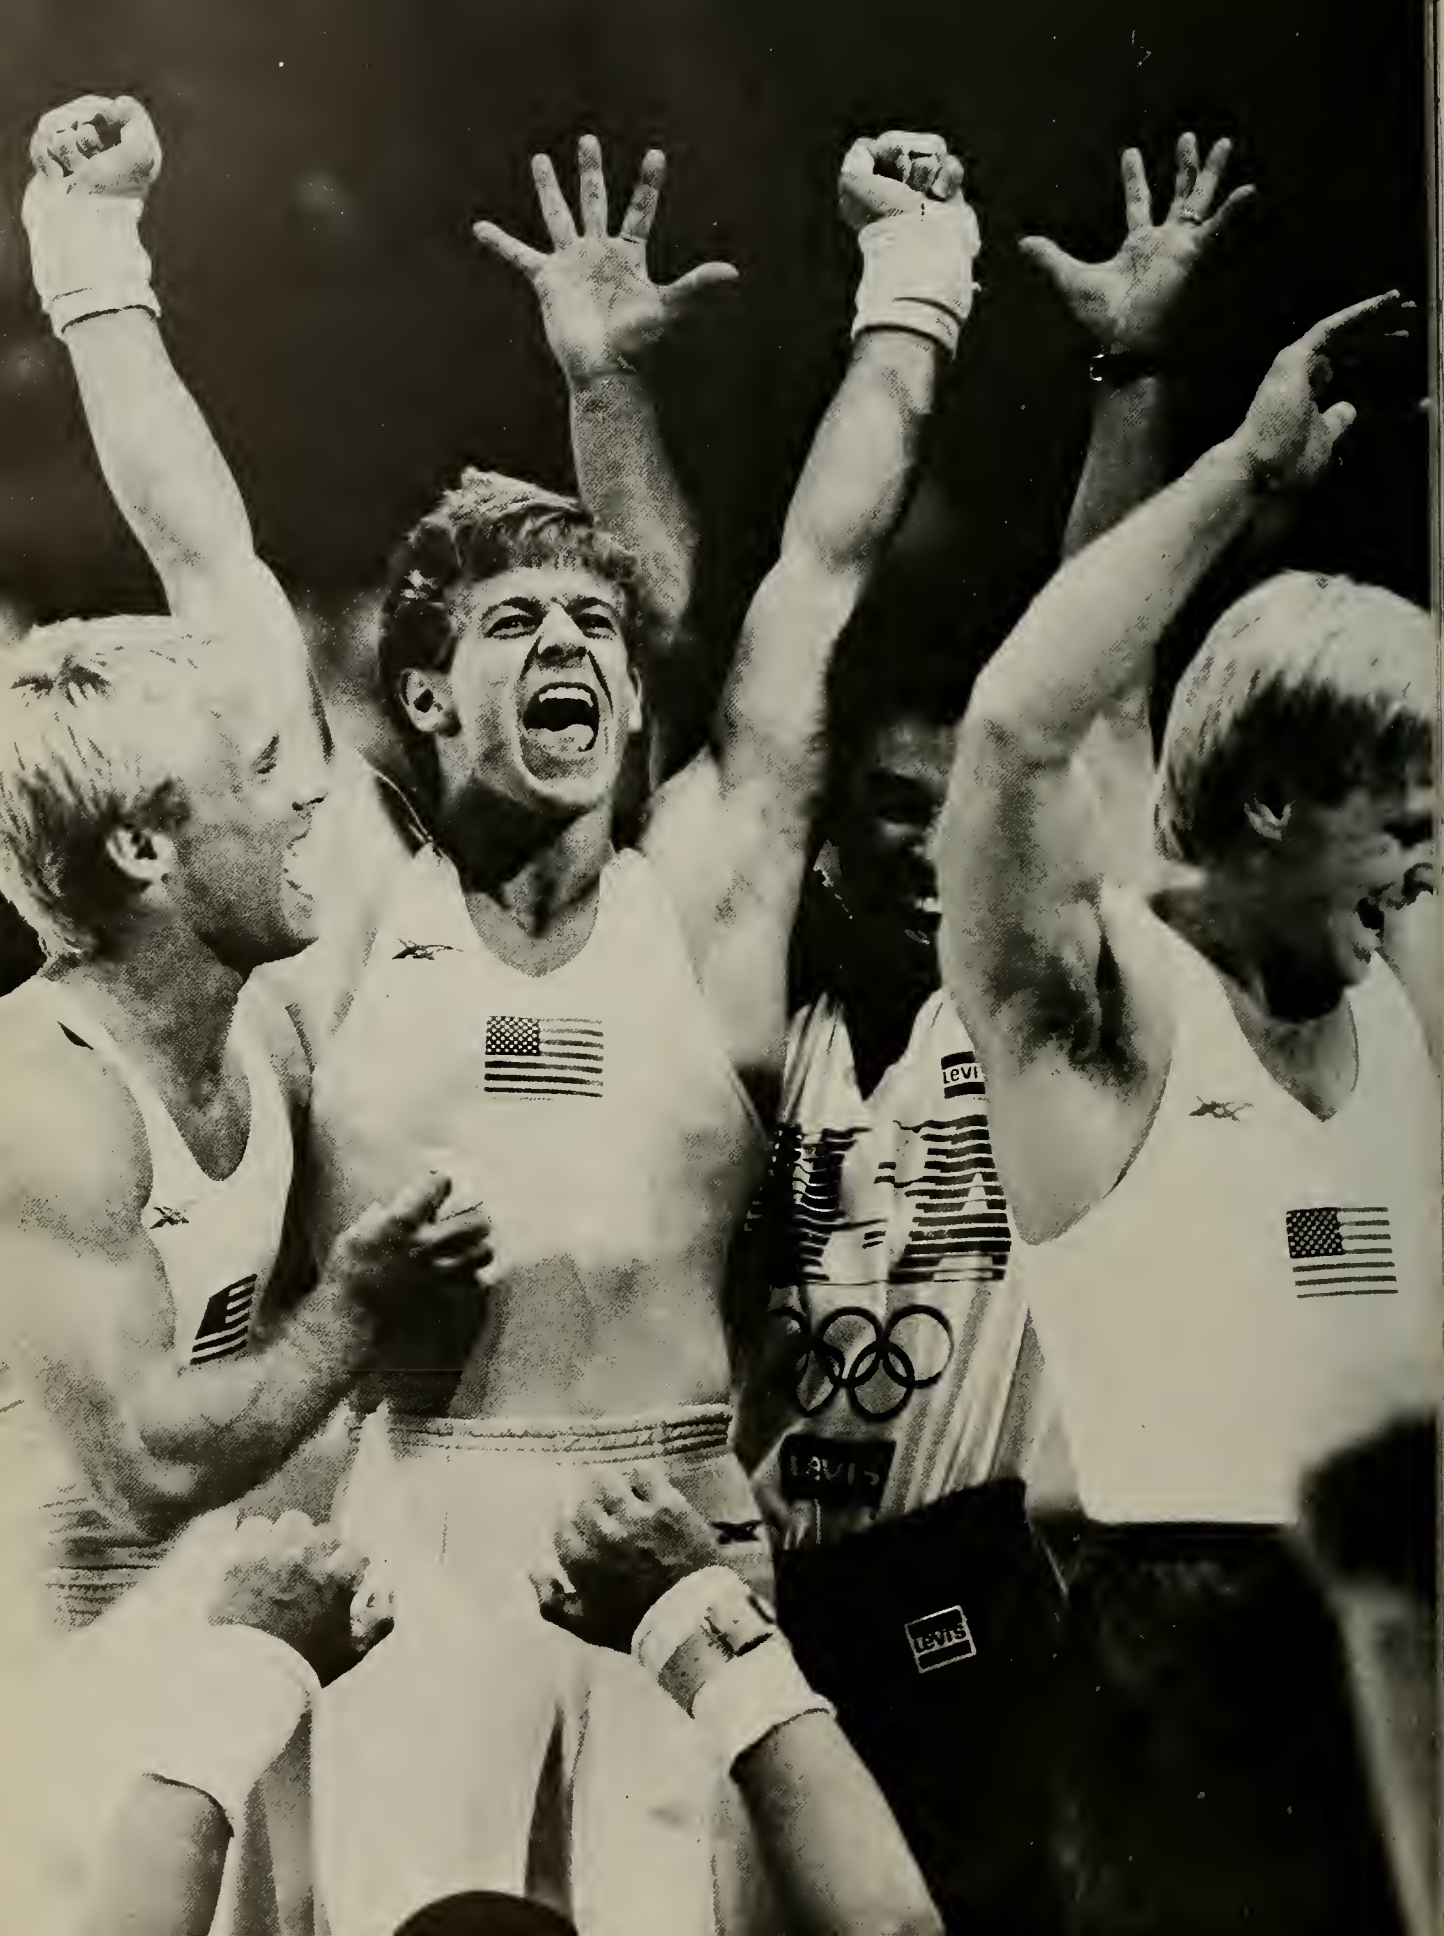

Chicago Bears' Walter Payton eyes New Orleans Saints' Whitney Paul as he carries the ball on his way to setting the record for rushing. He broke the record of 12,312 yards held by Jim Brown.

The World Series in 1984 saw the Detroit Tigers beat the San Diego Padres four games to one. The Chicago Cubs came close to getting into the series but the Padres won. In the American League, the Kansas City Royals lost in the playoffs to the Tigers. The photo shows Kirk Gibson of Detroit jumping for joy after scoring in game five. Darrell Evans is the on-deck hitter.

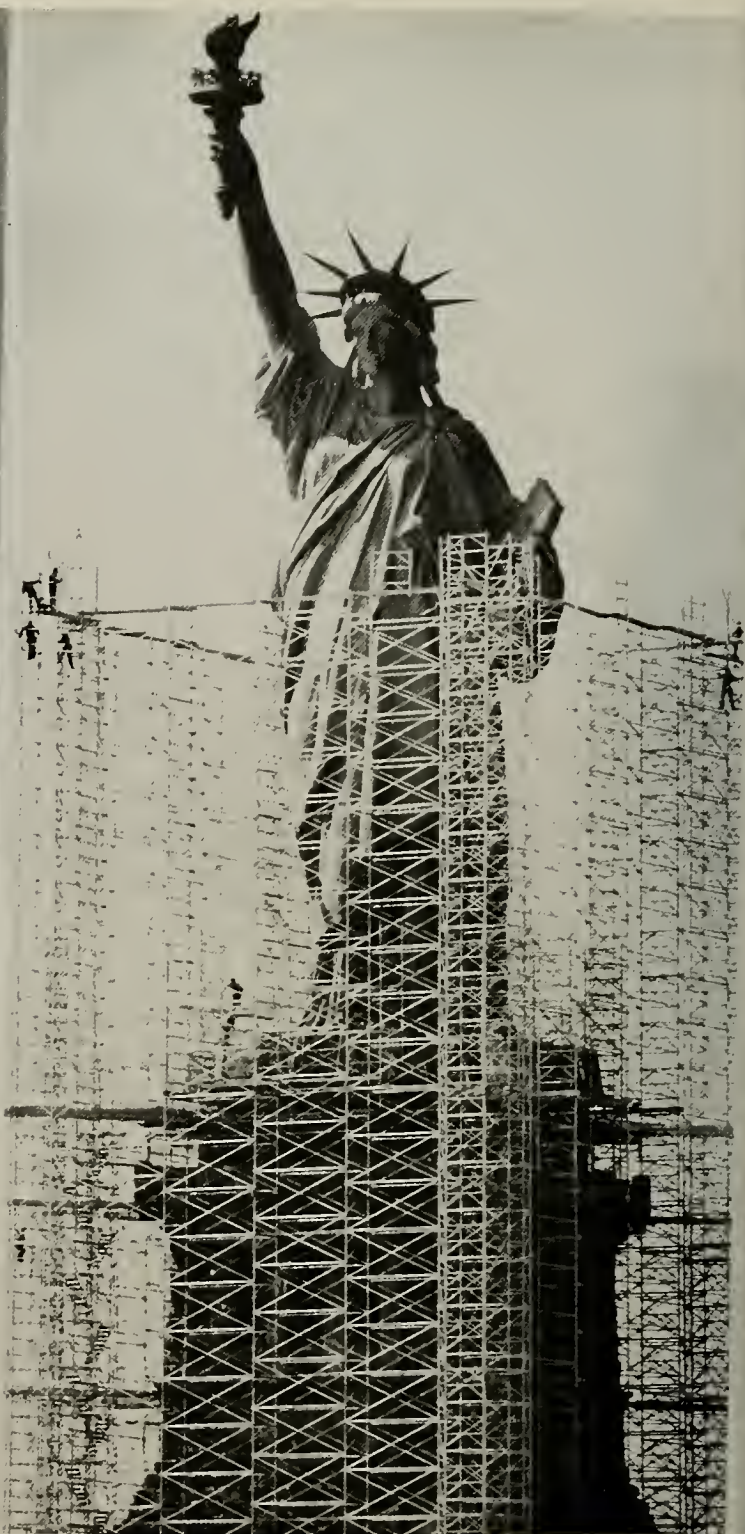

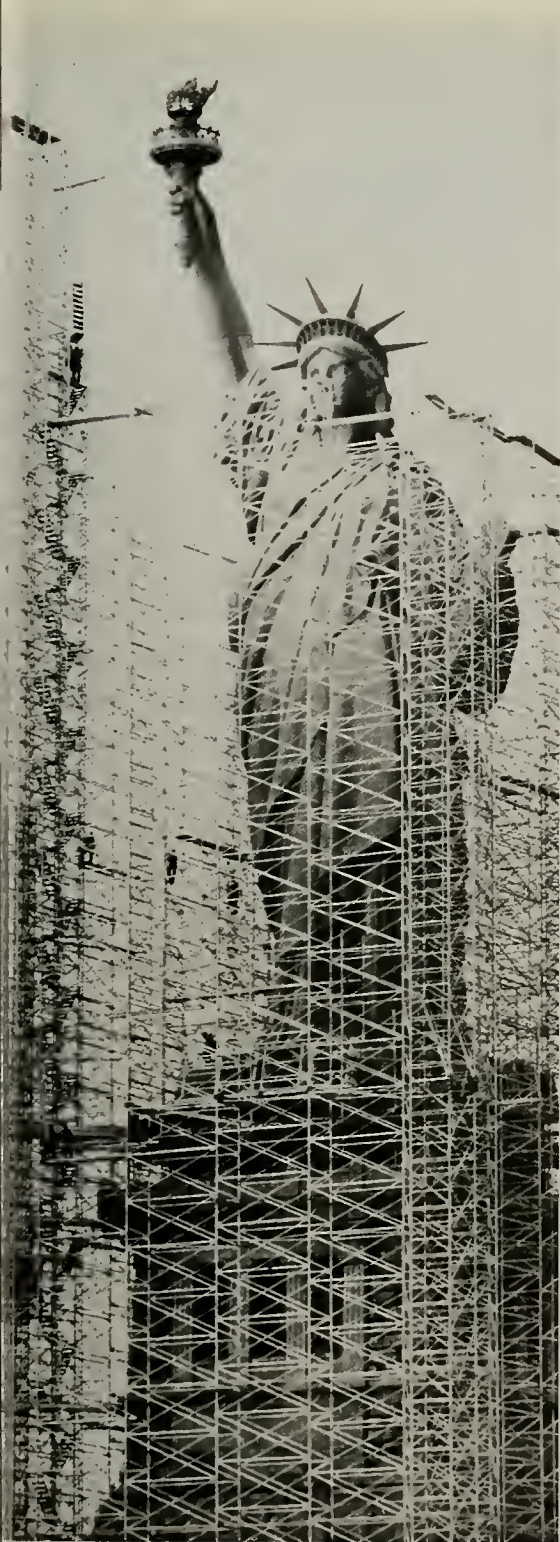

The United States did very well in the Summer Olympics, winning 83 gold medals, 61 silver and 30 bronze. Carl Lewis won four gold medals—the 100 meters, the 200 meters, the four 100 meter relay and the long jump. Mary Lou Retton won the all-around gold

medal and led the gymnastic team to a silver medal; she also won bronze medals for the floor exercise and the uneven parallel bars and took a silver medal for the vault. The Soviet Union and other Communist countries boycotted the Summer Olympics.

Clubs & Organizations

Pi Lambda Phi

The Pi Lambda Phi fraternity, over a period of thirty-seven years, has developed into an organization whose purpose is to foster and promote brotherly love and fraternity. To inaugurate and promote a spirit of tolerance, cooperation and helpfulness, to create a better understanding among our brothers by social meetings, to encourage vigorous participation in college and general activities in our community, for the establishment of social activities and to promote scholarship.

Ideally, fraternities are a source of self expression. Brotherhood allows an individual a chance to appreciate the value of responsibility, pride and initiative, a knowledge developed only through experience.

Movie Division

The Movie Division of the Audio Visual Society is the greatest source of entertainment on campus. We show current hit films on a weekly basis in Cumnock Hall.

"All work and no play makes Jack a
dull boy"

Jawarski, Mark Disanzo, Rob Russo, Steve Alford,
Bill Stefanov, Chuck Anabelle, Karen Matheson.
Director: Frank Hunter

Society Of Black Engineers

SOCIETY OF BLACK ENGINEERS: Its main purpose is to help create a positive environment as well as be a support mechanism to minorities on campus and to promote campus professional awareness of opportunities for minorities in the field of engineering.
President: George Corbin
Advisor: Dr. Harris

APICS

APICS, the American Production and Inventory Control Society promotes an awareness of systems involved in manufacturing concerns as they relate to production and inventory control.

President: Pattie Cullum

WJUL & Film Associates

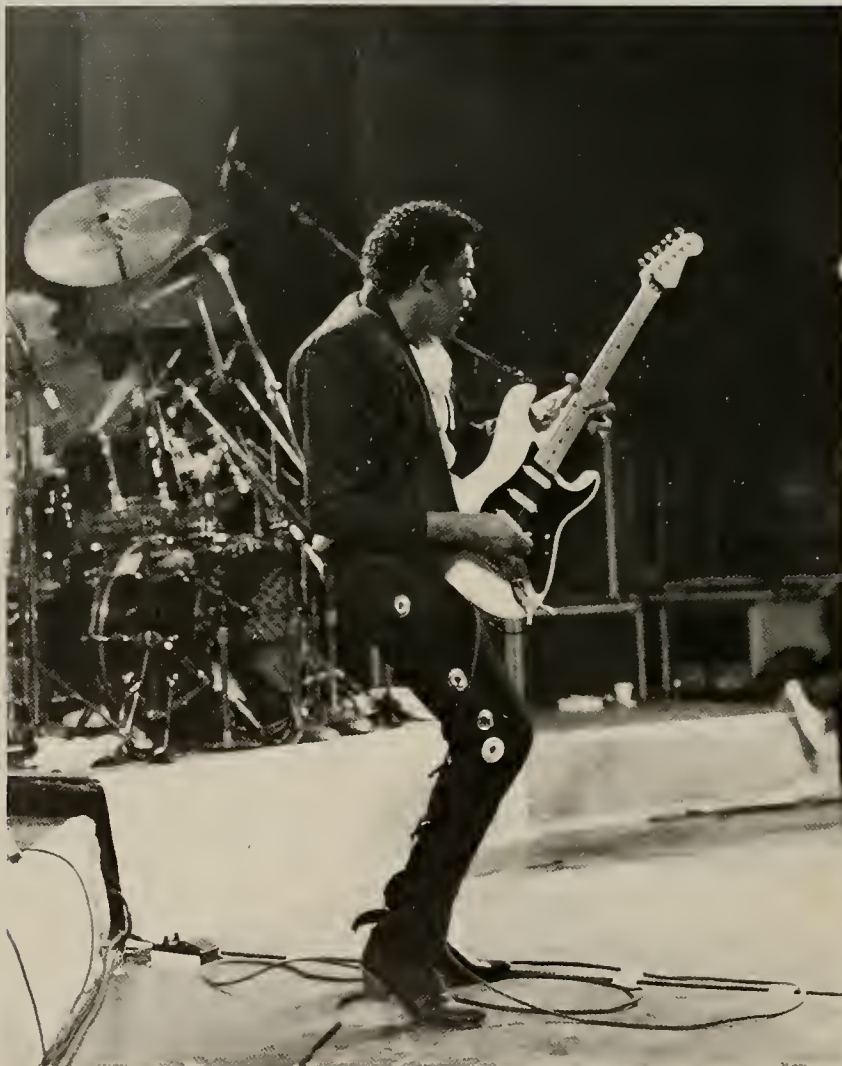

The purpose of this group is to provide audio visual services and entertainment to the faculty and students of the university. WJUL is located at 91.5 FM. WJUL President-Mike Wilkins
Film Assoc. President-Rob Russo

Alpha Sigma Tau

Alpha Sigma Tau is one of the two national sororities on campus and is associated with the Beta Tau Chapter which was established in 1975.

The foremost purpose of the sorority is to supplement the formal education of university women with active involvement in sororal life. Abundant opportunities are provided to develop lasting friendships, to pursue community service projects, and to participate in team activities. Members take part in interfraternal-sorority activities, intramural sports, and many other university events along with all of their sisterhood activities.

Alpha Sigma Tau provides limited financial assistance to qualified members through its national affiliation.

President: Wendy Enos

Advisors: Dean Ellen Duggan

Barbara Jean Maccaron

Alpha Omega

Alpha Omega was founded at the University of Lowell in 1968 and became a chapter of the national sorority, Delta Phi Epsilon in 1984. Now affiliated with chapters across the U.S. and Canada we promote service, social activity, academic excellence, athletic endeavor and are strong supporters of the National Cystic Fibrosis Foundation and the Delta Phi Epsilon Scholarship Foundation.

Annual activities include a fall hayride, Christmas party, Alumni Brunch, road trips to other chapters, cook-outs, parties with other Greeks, rollerskating parties, the U. Lowell Dating Game, blood drives, walk-a-thons, intramural sports and a booth at Spring Carnival.

Our sorority is a close family which results in lifelong friendships between girls from many different backgrounds and majors who, if they haven't pledged, may never have met.

Executive Council: Carol Ryan-President, Deirdra Gacek-Vice President, Jackie Bush-secretary, Carol Ryan-treasurer, Diana Limperis and Pattian McCluskey-pledge mistresses, Allyson Makiej-rush chairman, Diane Moore-social chairman. SISTERS: Paula Abney, Dawna Akashian, Janet Gifford, Beth Houlihan, Dawn Kinneer, Susan Koumporas, Jennifer Leary, Lisa Madden, Carolann Miranda, Joanne Mitropoulos, Valerie Newell, Lisa Regan Cindy Schupe, Linda Smith, Nancy Sullivan and Sherry White

Phi Sigma Rho

Phi Sigma Rho is the oldest sorority on campus. It was reborn in 1983 and since that time has grown to become an integral part of the Greek system and of the school community. In addition to community service and promoting the bonds of friendship and sisterhood, the sorority is devoted to enhancing social life at the University.

THE SISTERS: Karen Mullin, Carol Sneden, Karin Kiefer, Elizabeth Madigan, Kelley Maniatakos, Kelly Horan, Pam Doyle, Sue Booth-treasurer, Karen Beaudoin-secretary, Sue McManimon, Theresa Loya-President, Noreen Cady-Vice President, Chris Baril, Lisa Doyle, Kelley Gaffney, Karen Toupin, Zena Machado, Cheryl Johnson, Berta Choate, Renee Suprenant

Kappa Upsilon

Kappa Upsilon, a nationally affiliated is an academically conscious, yet outgoing group of women who like to help those in nearby communities, participate in social events, and experience the special benefits of sisterhood.

Projects of the past year have included Red Cross Blood Drives, candy bar fundraisers, a book drive for the drug and alcohol rehabilitation projects, a Walk-a-Thon fundraiser for the Kidney Foundation and the famous "care packages".

This year Kappa Upsilon was awarded the Jeanette Collette Kindness Award for their involvement in the community, and also won the Chapter Growth Award at the Annual National KP Convention.

Sigma Phi Omicron

Sigma Phip Omicron . . . Sigma Phi Omicron . . . Sigma Phi Omicron . . . What more can we say about our fraternity.

Clearly, this strange, contorted, bunch should not be left to play with small children. Yet, you the students, have entrusted them to publish a weekly newspaper for the University. Though they may be dangerous, scary, baffling, obnoxious, and downright weird, they are never dull.

The connector's purpose is to keep students aware of the plays, parties, passings, and purpose of the University. We could argue the quality/quantity and "do you remember the time in the paper..." until our 50th reunion party, but it should be enough to remember the newspaper in the words of a former intellect, an editor, who was often quoted as saying:

"We is what we is, the best damn newspaper on campus"

Student Court

STUDENT COURT:

David J. Dolaher-Chief Justice
 Nick Nikolopoulos-Asst. Chief Justice
 Brooke Hargreaves-Head Advisor
 Beth Quintal-Secretary
 Ann Cuniff
 Paul MacFarlane
 Kathryn McClanahan
 Deborah M. Quintal
 Allen Scheier
 Darcie Wescott
 Richard Middleton

The Student Court is responsible for enforcing a strict observance of the Student Government Association Constitution and any modifications to it, including by-laws, amendments and Student Governmental Policy.

SGA

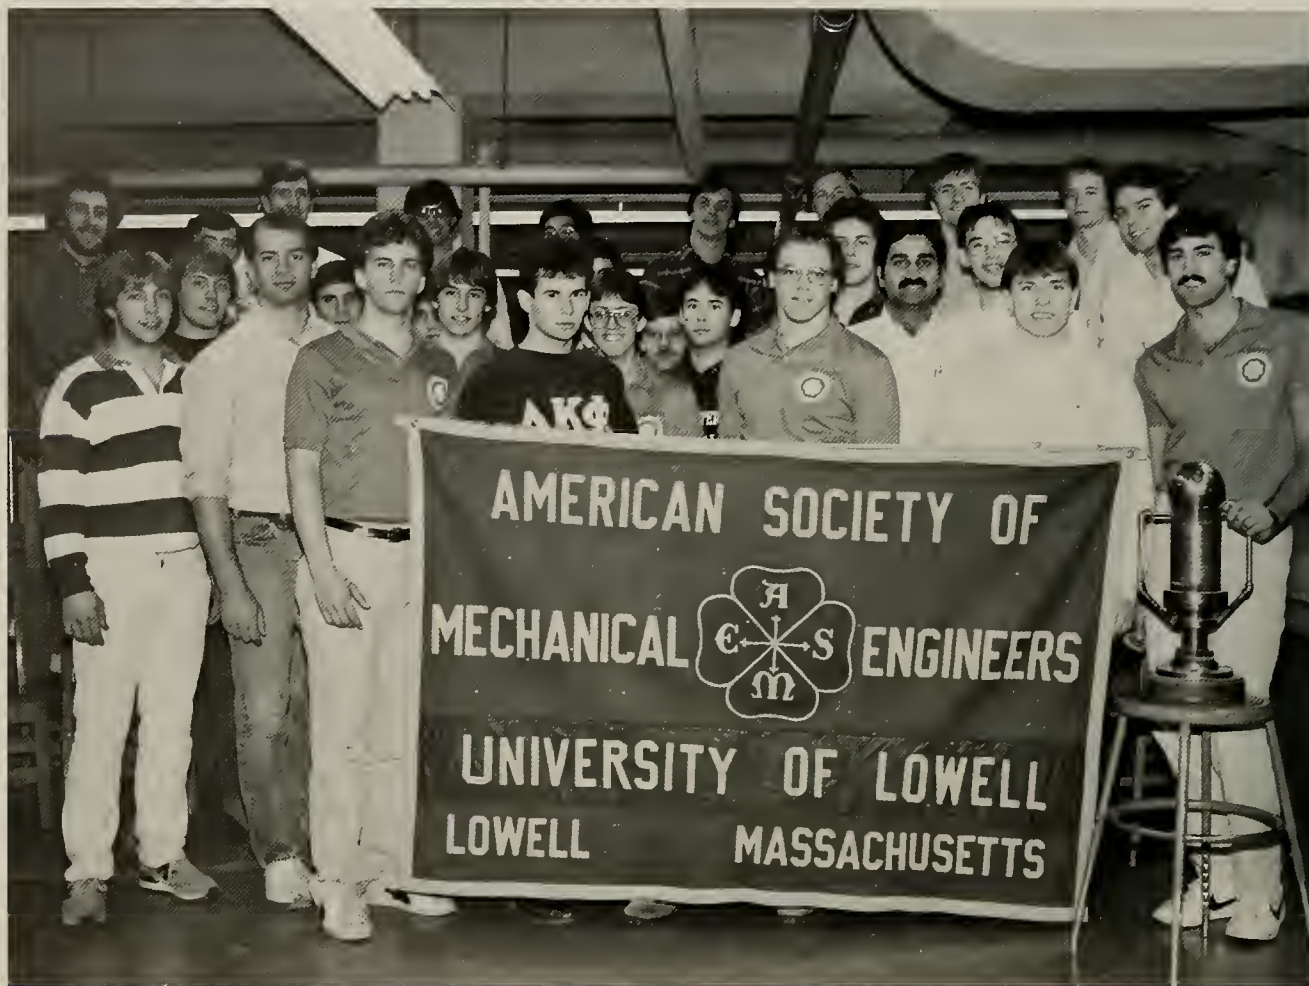

The Student Government Association is an elected undergraduate body whose purpose is to provide a formal means of effectively promoting student affairs, maintaining academic freedom, academic responsibility, and student rights, and for enhancing educational, social and cultural opportunities at the University campuses. The Student Government consists of three branches: The Student Senate, the Activities Commission, and the Student Court. The Senate is the legislative branch and consists of a president, a vice-president, a secretary, treasurer, and seven senators from each of the four undergraduate classes. The Activities Commission is a seventeen member branch of the Student Government and is responsible for planning and funding concerts, mixers, and university events and for allocating funds to clubs and organizations. The Student Court is the interpretive branch and consists of nine justices. Their chief responsibility is the interpretation of the student government policy. The Student Government is the parent organization for all clubs and organizations.

Amer. Soc. Of Civil Eng.

AMERICAN SOCIETY OF CIVIL ENGINEERS: serves to promote professionalism and interaction between students and faculty and professionals in the field of Civil Engineering. President: Mary Buckely. Advisor: Dr. Mehhani

ASME

ASME:

Officers:

Mark Dolan-President
Tom Tsaros-Vice President
John Milani-Treasurer
Scott Raymond-Secretary

The American Society of Mechanical Engineers is a professional engineering society which allows students to enhance their professional development by making them aware of recent developments in the mechanical engineering field through publication and activities.

The University of Lowell ASME has been very active in the past few years. In October of 1984 they hosted the annual Boston Area Region I student Leadership Conference. At the 1984 Conference the University of Lowell was awarded the "man Mile" trophy for having the largest number of members in attendance.

In addition, the ASME sponsors a picnic and a Christmas party each year for it's members and also supports the mini Baja East team.

Omega Chi Epsilon

Omega Chi Epsilon, the chemical engineering honor society of ULowell, promotes high scholarship and recognizes the valuable traits of character, integrity and leadership. They also provide tutoring service to undergraduates and graduate chemical engineering students.

President: Henry Waldron

Advisor: Prof Donatelli

PI TAU SIGMA

PI TAU SIGMA
MECHANICAL ENGINEERING HONOR
SOCIETY
FR: Ken Farley, Mike Coakley, Dr. Young, Gino
Pinto, Tom Farineau BR: Chuck Nigzue, Don
Dooley, Raffi Dermanuelian, Sajaad Aslam

Pi Tau Sigma is a national honorary mechanical engineering fraternity. In order to qualify for this honor society, an ME student must achieve an academic rank in the top one-fourth of the ME junior class, or the top one-third in the senior class. Pi Tau Sigma provides tutoring and tries to stimulate and support departmental activities and also foster high ideals in the engineering profession.
President: Gino Pinot

Med Tech Club

The purpose of the Med-Tech Club is to provide information to developments concerning Medical Technology; to promote higher standards in education at ULowell by closer relations with faculty and students; to provide Med. Tech students with an insight into their chosen field of endeavor; and to draw the four classes of Med. Tech students together into a cooperative, integrated association.

President: Maria Ramon

Advisor: Dr. Frechette

M.E.N.C.

The purpose of the Music Educators National Conference is to provide opportunities for professional development; to acquaint students with the privileges and responsibilities of the music education profession; and to provide opportunities to the students to become acquainted with leaders in the music education profession.
President: Paula Spinney
Advisor: Dr. R. Spearman

Black Student Union

The Black Student Union serves as the voice and instrument of the will of the Minority student body; as the protector of the rights and interests of the members of the Minority student body and of the student body as a whole; and also assists in the recruitment procedures for minority students and promote understanding.

President: Daryl Fitchett
Advisor: Ms. Linett Scott

Math-Computer Club

The Math-Computer Club believes in developing and encouraging people associated with the University, an interest in mathematics and computer science and their applications in both academic and social environments
President: Charles Kosta
Advisor: Dr. V. Taylor

SME

The Society of Manufacturing Engineers is an international professional society with over 75,000 members and 140 students chapters and units. One of SME's functions is to access trends and developments in manufacturing interpret and disseminate that information. SME realizes that the student members of today are both the society and industry leaders of tomorrow.

Sports

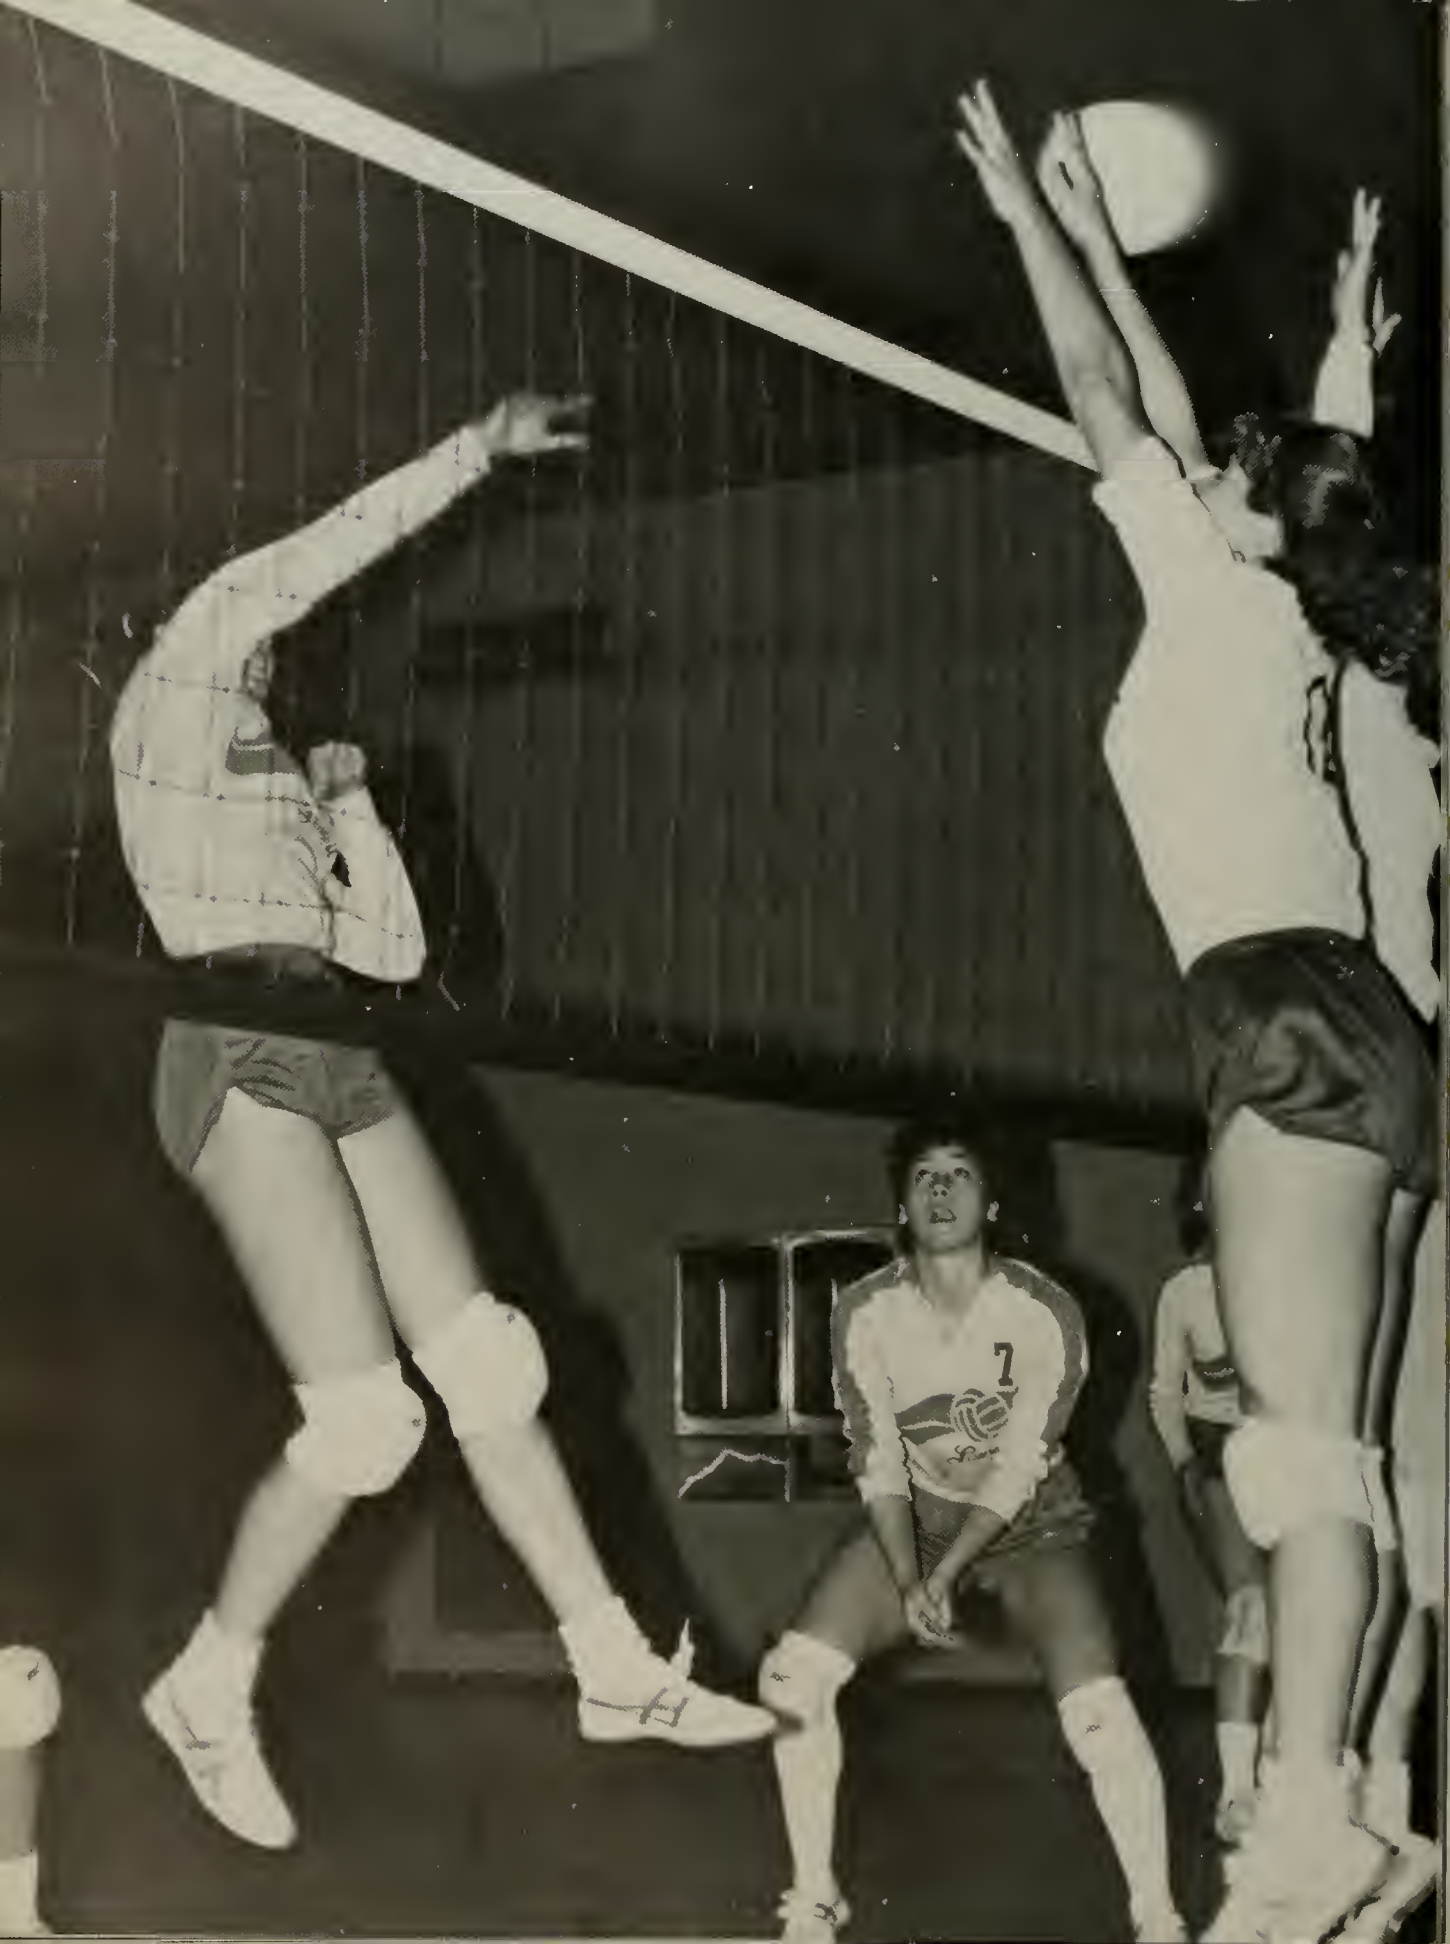

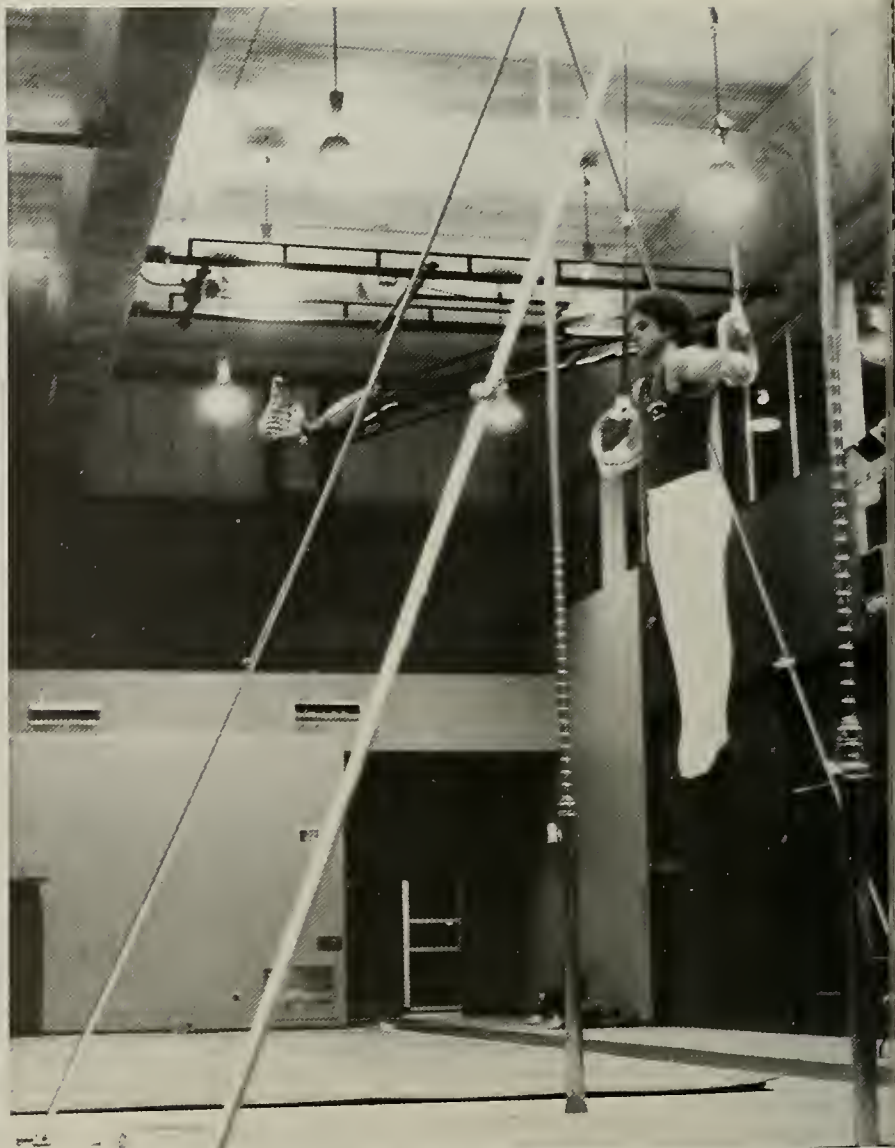

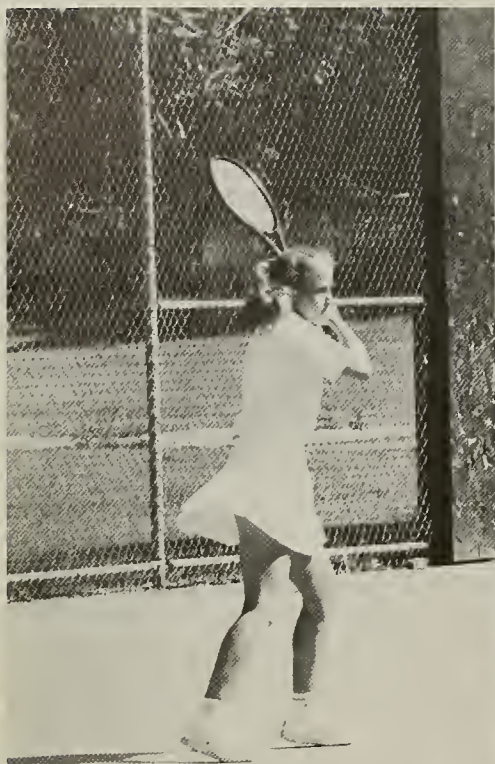

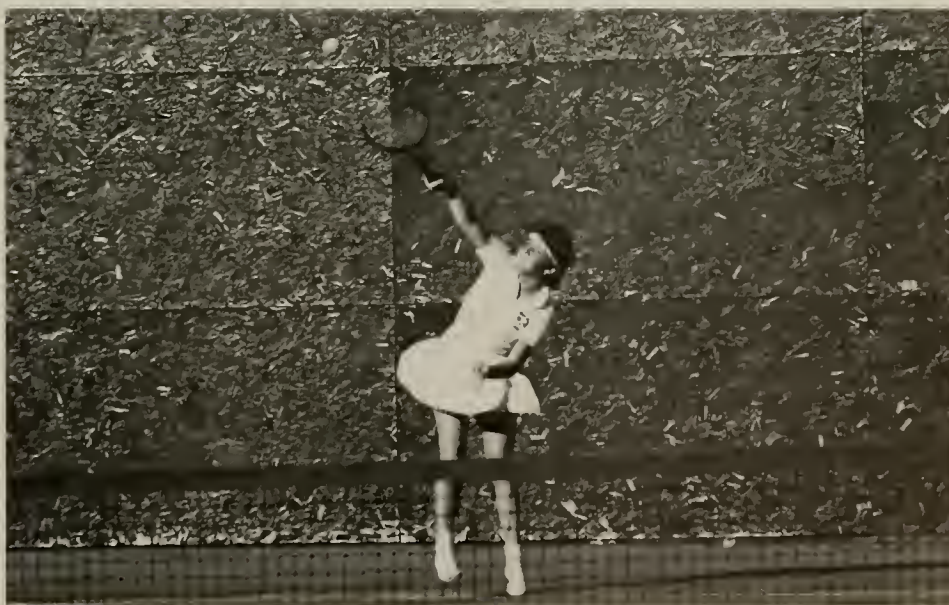

Baseball

For the seventh time in the past eight seasons, the University of Lowell BASEBALL team met the squad's first goal, to win 20 or more games, finishing with a record tying 26 wins. But the team's second objective, to qualify for the NCAA regional tournament, came up short.

Making the 1985 season one of the more satisfying is that the Chiefs compiled their 26-10 overall record after a 4-6 start that included a doubleheader loss to New England Collegiate Conference arch-rival New Haven. ULowell came back from its bad start to finish with a 24-7 record in New England play and won the conference title by one-half game with an 11-3 mark.

The big question before the season was could the Chiefs duplicate the 1984 squad's offensive production of a .363 batting average and 11.06 runs per game. This year's team hit .364, averaged 10.39 runs per game and set or tied 30 offensive records to answer the question in the affirmative.

"Frustrating," was head coach Jim Stone's comment about the season. "One of our goals at the start of the season was to win 25 games. We figure if we win 25 games, we'd qualify for the NCAA regional tournament, which is our second goal. We won 26 games and have no place to go.

"It was a very worthwhile season. After we got off to the rough start (4-6), the seniors took it on themselves. They

were determined it would not be a losing or .500 season. The leadership from the captains, the seniors and the assistant coaches made us more determined after the bad start and we worked accordingly," continued Stone.

"This is a good group of kids to work with. They worked awfully hard for it and are very competitive. We got the maximum out of everyone on the team," added Stone. "This team had a goal, attained it, and got shut off at the gate."

Leading the Chiefs potent offense was junior Dick Kiluk (Haverhill, MA). The 5-11, 175-pound centerfielder had one of the finest seasons ever by a Chiefs player.

Stone ranked it right up with the outstanding seasons of departed standouts Mike Bryant (1979) and Dave DeCoste (1984).

Kiluk led the team in base hits (57), triples (7), home runs (9), runs batted in (53), batting average (.460), total bases (105) and slugging percentage (.847). In addition to the eight school records he set or tied, Kiluk set a new national college division record with 12 straight base hits over a fourgame period.

Following Kiluk in the batting derby were junior outfielder Ross Madore (Beverly, MA) with a .423 average, junior leftfielder Brian Toohey (Lawrence, MA) at .400, junior shortstop Bobby Cappadona (Waltham, MA) at .383, senior first baseman Jim Duggan

(Lowell, MA) at .376, freshman second baseman Mark Grams (Andover, MA) at .348, and senior Mark Moise (North Reading, MA) at .347.

Other offensive leaders included senior outfielder/designated hitter George Sennott (Winthrop, MA) with 135 at bats. Sennott was second to Kiluk in home runs and rbi with seven and 40 respectively. Toohey led the team with 50 runs scored and 35 walks while tying Cappadona with 10 doubles. Cappadona led the squad with 18 stolen bases, one short of the school record, and four sacrifice flies.

On the mound, junior righthander Rick Carbonara (Brockton, MA) and senior lefthander Paul Durand (Lowell, MA) formed a solid onetwo combination for Stone. Senior righthander Rick Gray (Lowell, MA) pitched well after a slow start and senior lefthander Steve Gervais (Chelmsford, MA) became the Chiefs main man out of the bullpen.

Carbonara had a record setting 9-1 season with a 6.07 earned run average while striking out a record 66 batters in 59.1 innings. Durand finished the season with a 5-2 record and a 3.57 era despite pitching with ulnaritis in his left elbow.

Gray, after losing his first three decisions of the year, came back strong to finish with a 4-3 record and a 9.00 era. Gervais made 13 appearances, one less than Carbonara, in rolling up a 2-1 record with two saves.

Field Hockey

For the second season in a row, senior Sue Staffier (Billerica, MA) has led the University of Lowell Chiefs FIELD HOCKEY team in goals scored.

The Chiefs, who finished the season with a 7-6-2 record, had a slow start this past season before coming on strong through the middle portion of the campaign. Only heart-breaking losses to Salem State and C.W. Post and a tie with Hofstra in the season finale prevented the Chiefs from having an outstanding season.

"We started slow this season (1-2-1 in the first four games)", commented coach Carol Mastacouris-George. "We easily could have been 9-4-2 had we been able to beat Salem State and C.W. Post. The freshmen played well for us and that gives us a good nucleus coming back next year. I feel the young players can play and replace the players we're losing."

"Sharon Lamb came around after mid-season coming off an injury last year. We were very pleased with the play of freshmen Theresa Viau (Fitchburg, MA) and Kathy Lyons (Marlboro, MA). And Denise Ledoux (Marlboro, MA) was a starter for us before she got hurt. Both of our goalies played well. I was very pleased with Robin Schools progress this year," analyzed Mastacouris-George, who hopes the Chiefs can upgrade their schedule for the next season.

ULowell will lose Staffier, forward Cheryl Griggs (Kingston, MA) and defenders Karen LeBoulluec (Peabody, MA) and Sarah Wolfe (Southwick, MA) to graduation. Senior forward Lamb (North Dighton, MA) plans to remain in school and play next year after redshirting the 1983 season with a knee injury.

Staffier, who moved into sixth place on the all-time ULowell scoring list, finished the season with eight goals and two assists for 10 points. She finished her three-year career at UL with 23 goals and 10 assists.

Lamb, who is now tied for eighth spot all-time, finished with two goals and a team leading five assists for seven points.

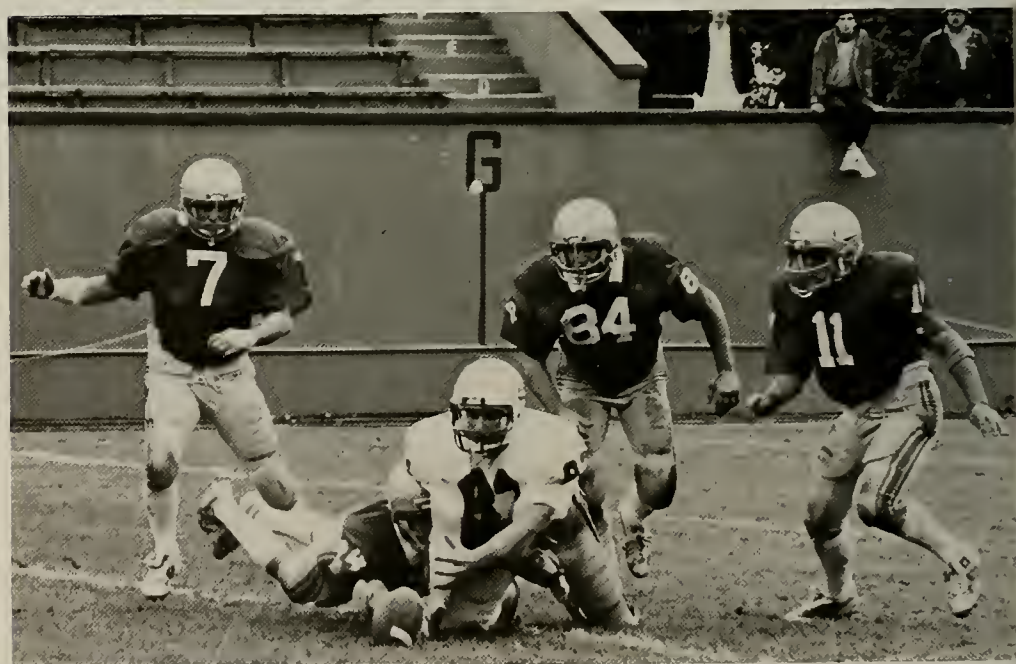

Field Hockey

Football

Football

Football

Gary Errico was selected player of the year by the Gold Helmet Award Committee. He was the nation's leading rusher with 156 yards per game. He led the nation in yards/carry with 5.3. He had a great year. Under John Perreault, the offense moved the ball well.

Dan O'Connor had a great year completing 88 of 158 passes. He had a rating of 116.56. He had 10 touchdowns and only 9 interceptions.

John Copley had a good year pulling in 35 receptions for 468 yards.

The defense was led by Linebacker Harry Dodakian (All-American Academically, 1983), John Carroll, and Safety Bill Mara. They were a veteran unit and played well together under the coaching of Bill Ritchie and Jim Kastritis.

The offense line was young and inexperienced returning only one starter, (Junior capt. Charles Bartolomeo). The group came together as a unit with outstanding efforts from Freshmen Wayne Thistle and transfer Mark Bedrosian. This line under the excellent coaching of Dick Bove made it possible for the successful seasons of both Gary Errico and Dan O'Connor.

The team was led by two-year defensive captains Harry Dodakian and Bill Mara. The offensive captains were Gary Errico and Charles Bartolomeo.

Next year's captains were elected and announced, they are Charles Bartolomeo, Walter Kilgallon, George Scannel, and Chris Walsch.

It was the first winning varsity season since varsity was restored. Against all Division 3 schools, we went 5-1 losing only to Norwich (which went to the ECAC finals with a 9-1 record.). We lost 3 tough games to Division 2 schools which should not be on our schedule.

Golf

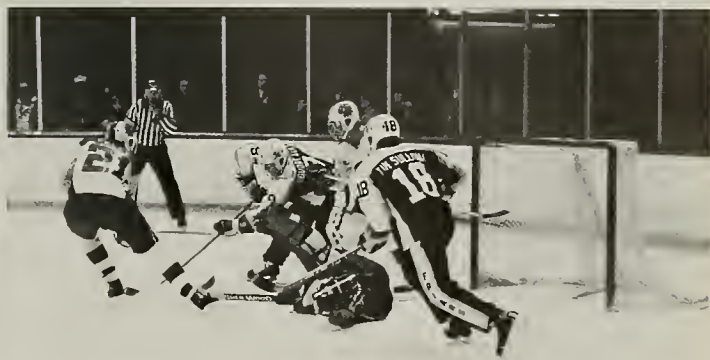

Hockey

Hockey

Hockey

Hockey

Freshman Jon Morris (Chelmsford, MA), one of the most exciting players ever to wear a University of Lowell hockey jersey, picked up two awards at the team's annual break-up dinner held recently.

Morris, a 6-0, 155-pound center was selected by his teammates as the Chiefs Most Valuable Player during the 1984-85 season that saw UL go all the way to the HOCKEY EAST Final Four. In addition to his MVP honors, Morris also received the G. Harvey Chandler Memorial Award as the team's top scorer.

Other award recipients included senior defenseman Scott Wiebolt (Thief River Falls, MN) as the Unsung Hero, senior wing Tom Evangelista (Wakefield, MA) received the Most Improved Player Award, and the Most Dedicated Player Award went to senior defenseman/right wing Mike O'Neill (Wakefield, MA).

The first freshman to lead the Chiefs in scoring since Mike Carr turned the trick in 1979-80, Morris scored 29 goals and added 31 assists for 60 points. He finished seventh in the HOCKEY EAST regular season scoring derby with 47 points on 21 goals and 26 assists and was the league's leading scorer in the playoffs with six goals and one assist.

Among the honors that have come Morris' way are the George C. Carens Award as the Rookie of the Year as selected by the New England Hockey Writers Association, HOCKEY EAST All-Rookie team, and the HOCKEY EAST All-Tournament team. Twice during the season he was the HE Player of the Week.

Evangelista, who started the year with the varsity reserve team, played his first varsity game of the season in late January and stayed in the line-up through the playoffs with his hard work and solid forechecking. In 12 varsity games, he scored three goals and one assist.

O'Neill proved his versatility again this season when he moved back to defense from right wing after injuries hit the Chiefs blue line corps. The 5-11, 185-pounder stepped right in on defense and was one of the team's better defenseman down the stretch. He scored four goals and eight assists in 35 games and finished his career with 22 goals and 35 assists.

Wiebolt, who played three seasons for UL after transferring from junior college, was another mainstay on the Chiefs blue line this season. One of three players to play in all 42 games, he scored four goals and four assists for eight points. The 6-3, 210-pound rearguard also saw some playing time with the Binghamton Whalers of the American Hockey League after the season.

As you the members of the class of 1985 prepare to leave behind that portion of your lives that you have shared with the University of Lowell community and join the broader community of professionals and scholars, I want to leave you with three thoughts.

First, on behalf of the entire University of Lowell family, it is my distinct pleasure to extend our congratulations. You have indeed developed into the young promising professionals, artists and humanists that we hoped you would. That careful self development has transformed you, individually and collectively, from a potential to a realized vital human resource, for this commonwealth, this region and this nation. It has made you the promise of our future.

Second, I want to point out that your generation must be involved in the vigorous rediscovery of America's will, ability, and determination to successfully compete. To compete in international markets where competition, already keen, will only become keener. We must find the ability to put enduring vitality into our economy if we are going to be able to finance the social, intellectual and cultural richness of our communities and our lives. The key to successful competition in this international arena is clearly the setting and adhering to more rigorous standards - in short to pursue excellence. At Lowell you have been experiencing steps in that very direction — you have been educated by a faculty committed to high academic standards.

What is needed now is a broader, more determined, sustained pursuit of high standards so that we may pass on to the following generations what I think is the most worthy legacy of all — a standard of excellence and the resources to make the pursuit of that standard a practical possibility.

Thirdly, and last, on a personal note I realize that you fare the future with some concern and anxiety. America has passed thru some unsettling times. Let me reassure you, you are well educated, tried, tested and proven — the tasks ahead of you are manageable — the rewards for success are truly satisfying. I want you to know that you have won a place in our hearts as well as in our minds. As the embodiment of this young energetic university your actions and accomplishments have already honored us and I know that they will continue to do so throughout your life.

As you receive your degree and leave us to start your career, and to develop loving and lasting relationships rooted in community and family life I want to wish you a full and rewarding life complete with every possible happiness and joy that this life can provide. Above all, as you leave the University of Lowell, I want you to know that within this academic family we are very, very proud of you.
